# **Public Meeting Minutes**

# Te Kaunihera o Te Whare W nanga o Waitaha

**DATE** Wednesday 6 July 2022

**TIME** 11:00am

**VENUE** Council Chamber, Level 6, Matariki

**PRESENT** Ms Amy Adams (Chancellor), Mr Shayne Te Aika (Pro-Chancellor),

Professor Cheryl de la Rey (Vice-Chancellor), Mr Peter Ballantyne, Ms Liz Bond, Mr Pierce Crowley, Mr Roger Gray, Professor Jack Heinemann, Ms Keiran Horne, Mr Warren Poh,

Ms Gillian Simpson.

**IN ATTENDANCE** Ms Adela Kardos (General Counsel/Registrar & Council Secretary)

Professor Catherine Moran (Deputy Vice-Chancellor (Academic))

Professor Ian Wright (Deputy Vice-Chancellor (Research)) Ms Lelanie Crous (Personal Assistant to the Vice-Chancellor)

Ms Maria Gracie (Governance Co-ordinator)

**APOLOGIES** No apologies were received.

REGISTER OF INTERESTS

The Chair requested that the Registrar be advised of any amendments

to the register of interests.

The Chancellor advised that her membership on the Health NZ Establishment Board had been reassigned as a directorship on

Te Whatu Ora - Health New Zealand.

CONFLICTS OF INTEREST

No conflicts of interest were reported.

MINUTES OF THE PREVIOUS MEETING

Moved:5 220.73 340.13 27rDe.037.17 Td()Tj0 Tf204.05 19-Rn/P &M

# FROM THE CHANCELLOR

#### **Degrees Conferred in Absentia**

The Chancellor advised Council of the schedule of degrees to be awarded in absentia. The names of the graduates would be entered into the public record.

#### Moved:

That Council approve the degrees awarded in absentia, for the public record.

Carried

# FROM THE VICE-CHANCELLOR

#### Vice-Chancellor's Monthly Report

Professor Cheryl de la Rey highlighted the following items and updates:

Covid and seasonal influenza were impacting staff absences.

The University would host a student recruitment information evening on campus in the coming week.

UC was the sponsor of the Education Category in the 2022 Matariki Awards. The recipient was Mr Marcus Akuhata-Brown (Ng ti Porou, Te Aitanga-a-M haki, Ng ti Kahungunu, Ng i Tahu).

UC had slipped in the latest QS World University rankings, as had most other NZ universities. Enhancements were being made across the University, but they could not be rapidly implemented to maintain UC's current QS ranking or

In response to the query raised by Council at its May meeting regarding UC sustainability goals and sustainability in Engineering, advice was received that a new Sustainability Programme Board had been established to include various members of the UC community to address and advise on specific projects in Strategy Blocks. The Faculty of Engineering - Industry Engagement Manager (a member on the Board) would oversee connections between the Faculty and industry and place a sustainability lens over the work undertaken with the Faculty.

#### Noted in discussion

Council was encouraged by the number of students enrolled in the field of Criminal Justice and was interested in enrolment numbers in the MCJ as a likely indicator of potential transition to the PhD.

Secretary's

14.2	Academic Programme & Package Timing	To enable the free and frank expression of opinions by or between or to members or officers or employees of the University.
		To enable the University to carry out, without prejudice or disadvantage, commercial activities.
14.3	Partnerships and External Funding Opportunities	To enable the free and frank expression of opinions by or between or to members or officers or employees of the University.
		To enable the University to carry out, without prejudice or disadvantage, commercial activities.

**NEXT MEETING** 

The next meeting is scheduled for 11:00am on Wednesday, 3 August

#### Internationalisation – Locally Engaged, Globally Networked

The International team was excited to welcome our largest international cohort in the last 2 years for the start of Semester 2 in July. This cohort included both students coming to us via the border exception process and a group of new Study Abroad students. At the same time, we continue to work with a cohort of students studying with UC from offshore in Semester 2 as we transition towards the border reopening. A range of welcome and orientation activities were held the week prior to the start of Semester 2 for both onshore and offshore students.

With student visa processing due to open from midnight 31 July, it is expected that some currently enrolled offshore students will be hoping to secure visas and travel to New Zealand during Semester 2. While it is expected that visa processing will take some time, parameters have been put in place for these students who must arrive prior to the exam period or complete their semester offshore.

In advance of the border reopening, a large focus for the international recruitment team throughout this month has been preparing teerster the market and ensuring our agent network is well supported to promote the university's offerings. A visit was conducted in July to Auckbased international agents to reconnect the coming months visits to Malaysia, Singapore, Korea, and Japan are also planned, along with Study Abroad travel to the US.

UC is also beginning to resume outbound student mobility, with a small number of students planning to travel on semester studentchanges in September. A virtual exchange fair will be held in Semester 2 in conjunction with UC exchange partners as we look to resume wider mobility in 2023.

Supported by the Erasmus+ Jean Monnet Networksative Economy and Culture International Link (REACTIK), Language, Social and Political Sciences (P) ProfessorNatalia Chaban presented a keynote address "Understanding the Strategic Role of Culture in International Relations: A perceptual approachat the Networks final event Perspectives oneth uture of EU Cultural Diplomacyat the University of Copenhagen on 20 June. The course will utilise EP h Œ nh À ομ••šΖ (Œ u Á}ŒΙ(}Œ ]v ] competencies across all areas discussed in the courses introduced by UC staff and shaped by tlogfice of d t I W I I(http)s://www.canterbury.ac.nz/about/values/. The three core values tZ v µvP š vP U d] I] š vP v D v I] š vP U Œ Pono, Kia Tika, and Kia Aroha, and the concept of Utu (reciprocity and balance). See course outlines for more information about how the values will be incorporated in specific topics.

How will the proposal reflect the Facultschool/Department academic and strategic plans? The proposed qualification is aligned with School strategy by providing multiple pathways to becoming a psychologist. "Psychologist" is appected title in AotearoaNZ, and only those who have completed a Postgraduate Diploma that has been accredited by the NZ Psychologists and modern the Health Practitioners Competence Assurances Actismenthe title 'psychologist'.

Many of our undergraduate students choose psychology as their major because they want to become registered psychologist. The existing programmes are not able to accommodate larger numbers due to the nature of the teaching and supervision, and placents in clinical settings. Furthermore, existing

- (1) a completed 40 Master PhDspecialising in Forensic/Organisational psychology. This normally means coursework of at least 45 points in the area of specialisation and a thesis in the area of specialisation. The coursework should include PSYC478 (if degree completed at UC) or course on psychopathologyclinical interviewing and psychological assessment other institution.
- (2) Employment (paid or unpaid) in a organisation/role that allows the work to be used as an internship, which is part of the internship courses PS&C3 and PSYC684 and consists of 1500 hours of supervised practice during the year, in a role related to forensic psychology š Z Œ š Z u ‰ o } Ç u v š requirement is metand holds enough relevance to provide opportunities for applying principles of forensicpsychologywill be determined by the programme coordinators from the job description which must be supplied with application materials. A signed letter of agreement from the job description organisation/manager is also required.

To ensue that the internships are appropriate interns are required to provide a job description as part of the application materials along with a letter of agreement from the organisation/manager. The programme coordinators will provide information to the organisation/manager on what the internship entails and what the organisation/manager can expect during the year and what may be asked of them. The organisation/manager will be asked to engage in at least two site visits will be planned where the programme coordinators visit the intern's workplace and engage with their line manager to discuss progress and whether there are any gaps in the intern's competencies and how these that can be addressed through professional development. Interns will also be asked to reposit their experiences at the workplace and whether there are any barriers to them successfully completing their internship. In such cases where there are barriers, the programme coordinator will engage with the intern and the workplace to explore ways of resolving any issues. Site visits may be conducted virtually if appropriate.

The internship runs through the full year. Before the programme starts, interns who are accepted into the programme are required to register as intern psychologists with the programme are starts, interns who are accepted into the programme are required to register as intern psychologists with the programme are documented and counted towards the required 1500 supervised hours.

The internship must include supervision by a registered psychologist are expected to find their supervisor themselves, with assistance from the programme coordinator quired Field supervisors will be provided with information about the expectations of supervision of an intern psychologist, and the competencies that interns are required to meditate end of the programme. Field supervisors are asked to complete field supervision reports, one for each semester. These reports will evaluate the interns on they are progressing towards meeting the competencies required by the Board, where there are and how the supervisor will work with the intern to address these gaps.

In addition to field supervision ultural groupsupervision will be required. This supervision will be delivered by a cultural advisor provided by the Sch (Jalson Northover) The cultural advisor will be asked to complete cultural supervision reports or each intern one for each sem test. These reports will evaluate the interns on they are progressing towards meeting that ural competencies required by the Board, where there are any gaps, and

PSYC682

Advanced Topics in Forensic Psychology Part 2 (0.25 EFTS, Semester 2) This course is the continuation of PSYC**68**. focus of this course is to provide the competencies outlined as required by the Board, and to provide an opportunity to gain indepth knowledge and skills in forensic psychology.

This course will cover the following topics:

- x Evidenceinformed clinical practice
- x CBT and trauma-informed interventions in forensic settingsprimer
- x Traumainformed interventions is i doors is:

4. Acceptability of the Programme and Consultation

A spreadsheet with dates of various consultations and supporting paperwork is appended. Here we summarise:

PGDipChFamPsyc students tensive consultation with foner and current students has occurred through the planning of this application. Former students have been consulted about lengthening the PGDipChFamPsyc and dispensing with the summer school. This has occurred through discussion, separate meeting, and through student representation in the Child and Family Psychology Management Committee meetings which occur monthly during the university terms. Current students have been consulted by student representatives to the Child and Family Psychology Management Committee, and

Major changes to an existing qualification teaching and practice on interventions. Several comments also made about the intense and challenging nature of the PGDipChFamPsyc.

Staff: Prior to the formal planning process, staff have been informally discussing the need for a programme restructure within the programme management committee for several rs. The proposed strategic restructure was formally devised by programme staff teaching within the PGDipChFamPsyc through a series of special planning meetings (1 Nov 2020; 28 Feb 2022; 14 March 2022) as well as in sessions set aside during monthly programme management committee meetings. As such, the proposed changes reflect a consensus achieved through lengthy internal discussions.

Coordinator 4<sup>h</sup>

Major changes to an existing qualification teaching across the two diplomas once their structures are aligned. Dr Christofferson has provided additional advice and assistance since that meeting.

Acting Executive Dean of the Faculty of Science, Professor Janet Carter:

Michael TarrerSweeney (programme director) and Karyn France met with Professor Janet Carter, acting Executive Dean of the Faculty of Science, on the Pacific 2022. Janet was also formerly Dean of the College of Science, and Director of the UC Clinical Psychology programmefullynemderstood and supported the proposed changes to the PGDipChFamPsyc, and welcomes the idea of assiosization between the Child and Family Psychology, and Clinical Psychology programmes.

#### 5b. Pasifika

The programme is keen to recruit more Pasifika students and develop their leadershipsalvithin mental health and within Psychology as a profession. Recruitment of Pasifika students into the registration-track PGDipChFamPsyc is a high priority. We have two Pasifika students currently enrolled in the PGDipChFamPsyc and 3% of our graduate Pasifika (nationwide, rates are less than 1%, whereas the Pasifika population is estimated to be 7.5%). For child psychology within Aotearoa/NZ this is absolutely essential—there is a very serious undeepresentation, with only 34 practising Pasifika psychologists out of the 2,745 registered psychologists in 2019 ne of our Pasifika graduates successfully gained an HRC Pasifika summer scholarship while studying in the programme. Again, our biggest challenge is recruitment because too few such sidents meet the undergraduate requirements needed to enrol in the diploma's pre-requisite Masters foundation coursework. We see the main barrier being at the point of undergraduate Psychology training.

We welcome the UC Pasifika implementation plan 20023 with its emphasis on numerous ways to attract, grow and retain Pasifika leaders from their first contact with study at UC.

r**d**i **(229**su**t**a) **(**CE €€y> iÌ(i Wa2.08ne e.402.85.mm20

Major changes to an existing qualification

- x Alongside the Pacific Development team, engaging directly with farreligastding the excellent career and leadership opportunities for child and family psychologists, as families heavily influence student choices and prioritise roles that serve the community
- x Increase our Pasifika graduates' opportunities to contribute **torent** student training, while ensuring this relationship is mutually beneficial
- x Meet with the Pacific Development experts at UC to identify 'blind spots' within our teaching and learning that may act as barriers to Pasifika student success
- x Undertake st# professional development on understanding Pasifika in Aotearoa/NZ and how to best engage Pasifika
- x Increasing the visibility of the PGDipChFamPsyc at UC's undergraduate psychology courses, to ensure that all students know that this is a potential students

#### 6. Goals of the Programme

The aim of the PDipChFamPsys to produce graduates eligible to be registered as Psychologists under the Health Practitioner' Competence Assurance Act (2003). These graduates will have grounding in the theory and skills required for work with children and their entire families in the loontexts within which they present for help and support.

The academic content of the awaisdbased on contemporary models of theory and practice including the scientistpractitioner model; evidence based practice positive psychologies including bicultural models, positive behaviour interventions, inclusion and ecological models current pedagogy for life pan based learning for working with children and families. As teaching advances, students are taughtytoæreful clinical reasoning to often very complex situations.

We are proud of the programme's coherence in that curriculum and pedagogy build utilising material taught over a 4year period from the prescribed Part I Masters courses, through earlly iskilding and application of a core toolbox to more advanced and integrateractice and finally culminating in a real world professional and registered internship assessed and rotted in an externatoral examination. Applied research is central to the rogramme with all students completing at least 20-point Masters thesis in the area of Child and Famility Several graduates have carried of the study and several have published original research

Major changes to an existing qualification

theory and skills required for work with children and their entire families ithalcontexts within which they present for help and support. The academic content of the awailfobe

- x intellectually rigorous
- x based on recent international and national theory, research and trends
- x evidence based
- x culturally-responsive within Aotearoa's unique bicultural setting
- x reflective of children's ecology and contexts
- x focused on the strengths, resiliencies and protective mechanisms of children and families
- x informed by the social and political context of children in Aotearoa New Zealand

### 8. Graduate Profile and University graduate attributes

N/A not an undergraduateward	See graduate profile below.
UC Graduate Attributes	How is the attribute incorporated?

Critically competent in a core academic discipling of their degree

Major changes to an existing qualification

9. ProgrammeOverview

The accompanying tableset out the current and proposed structure of the Masters and PGDipChFamPsyThe new structure is scheduled to begin in February 2024 with the final summer school occurring November 2022 February 202. The tables show the most common pathways for students who commence and complete a Masters or PhD thesis concurrerittly the PGDipChFamPsyc. Masters students have to submit their thesis prior to commencing their internsPlipD students have to submit their thesis prior to commencing the second half of a ptiante internship. Students can also be selected into the PGDipChFamPsyc after completing their Masters or PhD thesis.

Eligibility for admission to the programme (including completion of the prescribed Masters coursework) remains unchanged, except that all students will need to have completed an undergraduate Psychology major or equivalent coursesan historical

### 3. Qualification

The qualification meets the definition of a Foundation Certificate by being at NZQF Level 3 or 4 requiring a

Academic reading, writing, speaking and listening skills used in the processing of academic knowledge and the preparation of assessments. The course covers the academic essay, reports, tutorial discussion, active listening skills, tutorial discussion, presentations, and the use of relevant writing software applications.

Existing courses availabilifrom the CUP Schedule

TRNS006 Chemistry: An introduction to atoms, bonding, and reactions

15 points

0.125 EFTS

This course is designed to provide students with a basic understanding of chemical principles and the language of chemistry in order to better describe the properties and reactions of elements and compounds. Laboratory sessions will allow students to apply their knowledge and develop their practical skills. Students tailhbe introduced to 1/48/3/2(i7p (S)1/4)3/3-9/4(b)-9.6 (u)F0.8h5(0-3.4.6)337(6)2.6 (u) B7)10.6 (t)i69 (t)- all)10 7dEM

include discrete and continuous random vatries and probability. This is an introductory statistics cours suitable for students with no prior knowledge or experience of statistics.

TRNS 010 Digital Data: An exploration of the use and pervasiveness of data in a digitised society 15 points

0.125 EFTS

In this course, students will learn what data is and how it is used. It covers what it means for information to be stored, transferred, interpreted and processed by machines. It considers data critically as it makes preliminary exploration of how tata is collected through devices and applications, to inform business decisions, government priorities, and scientific discoveries. Students learn to use and analyse data and to report and present their findings.

This will be assessed at the time agreements are being negotiated and will be subject to approval of the CUAP international Committee. Library resources
