

**Sally Seidel from The University of New Mexico, USA: Semester 1
2018.**

Where have you come from and what do you teach?

My home institute is the University of New Mexico Department of Physics and Astronomy in Albuquerque, NM, USA. I teach the full range of physics courses required there for an undergraduate degree at UNM as well as specialized graduate courses in particle physics

What interested you in the Erskine Programme/Why did you want to come to UC?

The UC School of Physical and Chemical Sciences hosts research across a wide range of frontier fields, some of which are

Professor Sally Seidel

What have you most enjoyed about your time here at UC/Christchurch?

I have been welcomed warmly into my host school (Physical and Chemical Sciences) as faculty there have greeted me with a coffee hour, offered me tours of their laboratories, and even invited me to dinner
